Iron Dwarves Frigates

Fast by Dwarven standards the Mortis is, with its turreted 360 degree arc of fire, a small vessel that should be treated with respect - or face the consequences. A Squadron of 4 can link fire for 11 AD in Range Band 1 and this is plenty enough to harm a Cruiser, and even taunt the odd Battleship! 3 models per blister. Please note that Uncharted Seas models do not ship with stat cards or any other printed materials. Updated rules and statistics will be available from the 'Downloads' section of the Spartan Games website. Our models are made from either resin, pewter, or a combination of the two. Models supplied unpainted and unassembled. Some preparation work may be needed before assembly. We recommend that resin models are washed before painting.
