Description
Legion: Bethayne and Belphagor

Contains two unassembled and unpainted metal model.

With her creation Belphagor at her side, Bethayne stalks the battlefields of Immoren to bring death and destruction to the enemies of Everblight. Bethayne can meld with Belphagor, donning the mighty warbeast's flesh like an enormous suit of scaled armor. The two become one, acting in concert as a single individual, mingling a warlock's sorcerous power with the brutal onslaught of a warbeast's fury.
