Shroud Mages Infiltrator Destroyers

A ship whose name features the word assault in it makes it easy to guess the purpose for which this particular engine of war was created. All that is required is to steam up to an enemy ship, slam into it using the Steam Burst MAR, hit them hard with assault troops (using the Blinding Flash MAR) and – if all goes well – capture the ship. 3 models per blister. Please note that Uncharted Seas models do not ship with stat cards or any other printed materials. Updated rules and statistics will be available from the 'Downloads' section of the Spartan Games website. Our models are made from either resin, pewter, or a combination of the two. Models supplied unpainted and unassembled. Some preparation work may be needed before assembly. We recommend that resin models are washed before painting.
