Description
Skorne: Archidon

Contains one unassembled and unpainted model.

Archidons rule the skies over the Stormlands of the Bloodstone Desert with preternatural viciousness. Hunters possessed of keen eyesight and tremendous speed, the enormous winged reptiles are known to trail small groups of nomads traveling across the wastes. Once an archidon has its quarry, it soars upward to drop its hapless victim upon the jagged stones far below before descending to feast upon the broken body. Skorne tyrants and beast handlers appreciate the survival instincts and fighting prowess of these savage beasts.
