Description
Skorne: Praetorian Keltarii

Contains ten unassembled and unpainted plastc models.

Praetorians stand as paragons of the warrior caste, their traditions irrevocably rooted in the hoksune code. These soldiers form the backbone of all house armies as well as the Army of the Western Reaches. Praetorian swordsmen require superlative skill to master their distinctive two-weapon fighting style. The keltarii wield their double-bladed glaives with unsurpassed speed and precision, able to deflect incoming projectiles as easily as they slice through flesh and steel.
