

## Empire of the Blazing Sun Kote Armoured Carrier

When they need to cross open ground at speed, often to mount a blitz assault on a defended position, Blazing Sun Commanders will transport their Ashigaru in lightning fast Kote vehicles. As highlighted by its sleeker frame, large, tracked drive wheels and smoke belching stacks, the Kote favours speed over heavy armour. The roofless design even allows the Ashigaru to fire on the move, whilst remaining in heavy cover. 1 model per box.
