Description

Since their mentor’s withdrawal from such pursuits, Lynus Wesselbaum and Edrea Lloryrr have taken the lead in cataloging the wonders of Caen in place of the famous professor Viktor Pendrake. With a strong knack for survival and an unquenchable thirst for knowledge, they have already pursued countless dangerous expeditions and shared more than a few close calls, forging a strong friendship in the field. Lynus’ book smarts and sharp memory serve as an excellent complement to Edrea’s arcane gifts, and the pair has made a name for themselves in many academic circles.
