Description
As a Mage Knight you must control your reputation and walk the line or embrace the role of benevolent leader or brutal dictator. Accumulate Fame and experience to acquire powerful Spells and abilities, then use your power to influence units to join your ranks. Will you destroy an ancient Draconum and gain favor with the people, or burn down a monastery to steal the powerful artifact hidden there? Both paths may lead to victory, but the decision is yours to make.

The Mage Knight Board Game comes with a variety of campaign options, allowing you to play both competitively or cooperatively. Will your path intertwine with your fellow Mage Knights as you quest to conquer the Atlantean cities, or will you be sleeping with one eye open?
