Description
Despite his slovenly appearance, Dengar earned a reputation as one of the galaxy's most effective mercenaries, and his signature JumpMaster 5000, the Punishing One, was also much more than the lightly-armed and crescent-shaped scout ship it appeared to be. With its pre-painted, large-base JumpMaster 5000 miniature and its array of ship and upgrade cards, the Punishing One Expansion Pack brings both Dengar and his surprisingly powerful ship to X-Wing, along with a maneuver dial, all requisite tokens, and the ability to fire its turret in a 360-degree arc.

This is not a complete game experience. A copy of the X-Wing Miniatures Game Core Set is required to play.
