Description

Skorne: Tiberion Upgrade Pack

Contains one unassembled and unpainted model.

Few warbeasts survive long enough to distinguish themselves in the service of the skorne, but the fiercely intelligent and disciplined Tiberion has fought alongside Tyrant Xerxis for over a decade. Because the titan's intractable nature made him almost impossible to train, his original handlers nearly put him to death. Xerxis sensed an extraordinary fighting spirit in him, though, and took it upon himself to break the beast. Now Tiberion serves his master Xerxis with all the devotion of a sworn soldier, standing immovable against waves of enemies even as he shatters entire formations with his powerful tetsubo.

SPECIAL NOTE: The Tiberion character titan heavy warbeast upgrade comes in a blister (PIP 74061). The Tiberion character titan heavy warbeast upgrade is NOT a complete model. Players will need a Skorne Cannoneer/Gladiator/Sentry Titan Heavy Warbeast (PIP 74057) in addition to this kit. A player may field one Tiberion in a Skorne army.
